Summary

Instructional designer with 5+ years of professional experience designing program curricula to enhance the learning experience while delivering results in a timely fashion. Initiative-taking and enthusiastic, tailoring programs to various audiences including adult learners, students, and customers.

Work Experience

Instructional Designer/Facilitator: Project Lead the Way, Indianapolis, IN (Remote) 6/2015 – Present

- Developed a new adult education course with responsibility for content selection and LMS content delivery
- Designed curriculum update for an existing adult education course to increase academic rigor and introduce innovative software
- Wrote and developed content as needed using Adobe Captivate, Rise and Storyline
- Transitioned two in-person adult learning courses to an online distance learning platform
- Performed beta and pilot testing of the adult online learning courses
- Provided recommendations for interface design, sequencing of instruction, assessments, and online interactive activities
- Consulted with subject matter experts to identify learning objectives and devise relevant content
- Instructed secondary teachers online, in-person, and hybrid on the implementation of engineering courses
- Nurtured ongoing communication with teachers after course completion to ensure the success of their programs
- Maintained personal professional development of the two courses via communication with master teachers and facilitation of virtual training workshops
- Interpreted and analyzed feedback to make recommendations for improvement
- Knowledge of adult learners and how to create an inclusive training environment

Engineering Academy Teacher: The School District of Palm Beach County, West Palm Beach, FL 8/2012 – Present

- Facilitated the following courses: Engineering, Physics, Chemistry and Computer Science
- Achieved 95% student pass rate for Autodesk Certified User Exams
